

# Gold Member Arthur Mallon Foods

## About the Company

Arthur Mallon Foods is the leading producer of sausages in Ireland, creating award-winning sausages from its home in Monaghan Town since 1942. The company originated from Arthur Mallon’s Butchers shop which was famous for its tasty and creative sausage recipes. Nowadays, the third generation craft butchers is still a family-owned business, having won over 160 awards both nationally and internationally, making the company the most awarded sausage maker in Ireland. Quality and taste are at the heart of everything Mallon’s does, with all of its products being 100% Irish.

## Spotlight Target Area: Energy/ Emissions

The sustainable, environmentally conscious use of resources is the basis of the production process at Arthur Mallon Foods, ensuring that future generations can continue live in a healthy, thriving environment. With this in mind, the company’s electricity intensity dropped from **189 kWh/tonne** in 2020 to **170 kWh/tonne** in 2021, compared to a target milestone of 183 kWh/tonne. Exceeding this target is particularly notable as product output was higher than anticipated throughout 2021 and despite this, overall electricity use was still reduced. Through its ongoing commitment to sustainability, the company engaged with Enterprise Ireland - an Origin Green partner, and the Pembroke Alliance, to initiate a Climate Action Report with the aim of driving further energy savings into the future.

## Working towards a Circular Economy with existing Waste streams:

With an ongoing commitment to a sustainable ethos, Arthur Mallon Foods intend to implement a circular economy process on its site by installing a plastic baler and liaising with its supplier, Shabra. Shabra will produce black plastic garbage bags from the waste generated, which Arthur Mallon Foods will then purchase for use on site.

## Membership Tier 3

Minimum Origin Green Targets Required Annually = 6

## Exemplary Performance Target Areas

Raw Material Sourcing	Raw Materials & Suppliers	★
	Packaging	★
Manufacturing Process	Energy/Emissions	★
	Water

Sustainability Programme  
**GOLD MEMBER**  
2022

“We at Arthur Mallon Foods are fully committed to Origin Green and all it stands for in sustainability as Ireland is at the forefront of this very important arena . We continue to set new targets in all areas and have extensive plans to improve all aspects of sustainability including a large capital expenditure to reach our goals. We at Mallons are very proud of our Gold Membership and we will continue with this great work.”
